# Thank You!

City Property Markets would like to take this opportunity to thank all of our traders and customers for your continued support in the running of the farmers markets.

We are aware that the recession has had its effect on your businesses and also on the market as a whole. In recognising this we reduced the rents for a period of time and we are conscious that these continue to be challenging times which is why we have only increased the rents to the level they were in 2013. This is necessary to cover the increasing costs in operating and also to ensure future investment within the farmers markets.

We have invested in upgrading the stalls and canopies and it is our intention to formally launch the rebranded West End farmers market in the near future.

Should you have any suggestions or ideas that you feel we should put into place to improve the markets please let us know. As you are

aware we meet regularly with the committee and these meetings give farmers and traders an opportunity to raise any issues with members of the markets management team. We would encourage as many traders as possible to take part in these meetings as the discussions and decisions could have an effect on your business.

Thank you,  
**The Markets team**

## Chairman's Corner

There was a good meeting of stall holders and market staff after the market on 25th July and I look forward to more of you coming along to our next meeting on 12th September.

We will by then have new canopies and stall skirts and this should give the markets a fresh new look for autumn and the build-up to the busy pre-Christmas markets. As often happens the 4th Saturday in December is Boxing Day so we will have a West End market on Wednesday 23rd December which I would urge you all to support.

Meanwhile, watch out for exciting seasonality in the market this month as new season lamb takes over from mutton while Scottish grown seasonal vegetables and fruits from our Primary farmer growers are at their peak.

# Edenmill Farm (Trading at both markets)

Following 10 years of building up Edenmill Farm Shop and Smokery the Gibson family are now passing the business on to Willie Kemp who will run the business with his family Mikey and Rachel Kemp.

The successful brand of Edenmill will carry on and the quality will remain through using local farmers, game keepers and suppliers to provide the best livestock available in Central Scotland.

Willie has over 35 years' experience in butchery and retail management and a chef for over 15 years. He has used both these skills to add 'that little bit extra' to his ingredients, recently receiving gold and silver awards for his pies.

The Kemp family look forward to welcoming both new and existing customers to experience quality meat, poultry and game at its best.
